

JEELIFE
CONSTRUCTION PVT LTD

From **Concept** to **Creation**
Your Trusted
Construction Company

JEELIFE Construction was founded in 2020 to meet a growing demand for Construction & Infrastructures. Responding to rapid changes in the construction and building industry, JEELIFE Construction has developed into a full-service construction company, establishing itself as a leader in the civil works sector. JEELIFE Construction operates all over INDIA, and has recently opened a Head office in NAGPUR.

OUR MISSION DEFINES WHAT WE SET OUT TO DO EACH DAY:

- To safely deliver any project, in any environment on time and within budget to benefit our customers, employees and the communities we serve.
- To develop into a highly profitable and sustainable construction company.
- To be guided by strong executive leadership with the emphasis on consistent quality as a key operational objective, supported by efficient operational, administrative and financial systems and teams
- JEELIFE aims to provide high quality construction solutions by adhering to sound ethical business principles and practices:
- Providing customers with 'value for money' construction and development solutions.
- Advance positive social change through social investment.
- Incorporating environmental protection issues in corporate and private construction projects.
- Ensure customer satisfaction
- Sound ethical principles
- High quality guaranteed workmanship
- Instill Health & Safety practices
- Responsibility to the environment

HEALTH SAFETY & ENVIRONMENT POLICY

When constructing projects in environmentally sensitive areas, such as critical dunes or wetlands, we work with local agencies to ensure strict enforcement of all applicable laws, ordinances, and directives. We routinely segregate construction waste for recycling when applicable on project job sites.

JEELIFE Construction is committed to providing work places which are safe, healthy and friendly environments where safe working practices are insisted upon.

We want everyone to encourage responsible behavior and to contribute positively to seeking safer and more productive ways to work.

DIRECTORS RESPONSIBILITIES FOR HEALTH & SAFETY

We know that the health and safety culture comes from the top of the company. Our directors are committed to the values and the policies set out in this document. In accordance with this policy, the directors and management endorse the following action points:

The directors accept formally and publicly its collective role in providing health and safety leadership for the company

The directors require all management functions within the company to be carried out in a manner that reflects the health and safety intentions of this policy statement.

The directors accept their role in engaging the active participation of workers in improving health & safety.

IT IS OUR POLICY TO PROVIDE:

- A place of work, systems of work that are safe and do not pose a risk to the health, safety and welfare of our employees, independent contractors, members of associated companies and the general public, so far as it is reasonably practicable to do so.
- Appropriate information, instruction, training and supervision for all employees.
- The allocation of sufficient resources to enable the health and safety policy to function effectively.
- Regular consultation with employees, contractors, environmental health officers and other relevant organizations.
- Regular assessment of operational performance, incident investigation reports and audit information through a system of management review meetings in order to ensure continual improvement.

HSE POLICY

- Commitment to ensuring health and safety matters are an integral part of the business.
- Commitment to complying with statutory requirements, approved codes of practice, recognized guidelines and other relevant industry standards.
- Commitment to the understanding of changes in working arrangements which have significant implications for Health and Safety.
- Technical guidance and supporting information in order to assist management in developing risk assessments and associated method statements.
